Notice: This work is sponsored by the US Department of Veterans Affairs. This manuscript has been authored by UT-Battelle, LLC, under contract DE-AC05-000R22725 with the U.S. Department of Energy (DOE). The U.S. government retains and the publisher, by accepting the article for publication, acknowledges that the U.S. government retains a nonexclusive, paid-up, irrevocable, worldwide license to publish or reproduce the published form of this manuscript, or allow others to do so, for U.S. government purposes. DOE will provide public access to these results of federally sponsored research in accordance with the DOE Public Access Plan (https://energy.gov/downloads/doe-public-access-plan).

Social Vulnerability

- Collective risk of impacts from disturbances/stressors [1, 2]
- Applications in natural hazards, environmental justice, social determinants of health
- Spatial indices of social ----vulnerability built on summary (population) level census statistics

Cutter et. al 2003 [3]

Enhancing Social Vulnerability Metrics

Individual-Oriented Social Vulnerability Index (IOSVI)

Individual Vulnerability Index (IVI)

CAK RIDGE

4

SVI Computation on UrbanPop synthetic populations for 3 census tracts in New York City.

Computing the Individual Vulnerability Index (IVI)

CAK RIDGE

UrbanPop: Spatializing the IVI

Computing the Social Vulnerability Index (SVI)

SVI Computation on UrbanPop synthetic populations for 3 census tracts in New York City.

IOSVI 2019 for the United States

CAK RIDGE

IOSVI 2019 in the District of Columbia

IOSVI and Geodemographics

DC IVI Themes

1	Outgroup/Few Indicators [Age Under 18 <-> Group Quarters]
2	Group Quarters/Age 65+
3	Disability [Age 65+ <-> No HS Diploma]
4	No Car /Minority/Density/Unemployed/LEP [No HS Diploma <-> Poverty]
5	Single-Parent HH /Crowding [Poverty <-> Age Under 18]

13

Glyph plot methodology adapted from Gollini et. al (2013) [5].

0.18 0.52 1.49 (US Ref.)

IOSVI and DC-Area Social, Environmental Determinants of Health

Social				
Variable	Pearson p	Significance		
Food Insecurity Rate 2015 ^{A,B}	0.852	p < 0.001		
Food Distribution Need 2015 ^{A,B}	0.74	p < 0.001		
Eviction Rate 2016 ^c	0.711	p < 0.001		
Eviction Filing Rate 2016 ^C	0.629	p < 0.001		

Environmental				
Variable	Pearson p	Significance		
Canopy Cover 2015 (%) ^{A,C}	-0.06	NS		
Green Space 2015 (%) ^{A,C}	0.15	p < 0.05		
Impervious Cover 2015 (%) ^{A,C}	-0.16	p < 0.05		

Data Sources

- A: DC Open Data
- **B:** Capital Area Food Bank
- C: Eviction Lab [6]
- **D**: District Dept. of Transportation Urban Forestry Division

What's Next?

- Customizable index creation: beyond CDC SVI indicators
- Neighborhood characterization toolkit
- Validation on nationwide social, environmental determinants of health; regional recovery from large-scale hazards

Thank You!
